

RRCUS Register of Merit, Sires

(titles earned as of December 31, 2017)

To qualify for the ROM, a sire must have produced ten champions of record. For dogs born in or before 1964, only five champions were required for inclusion in the ROM. Those sires who qualified under the "1964 rule" are indicated with an asterisk (*) after their names. **Sires who earned ROM status in 2017 are printed in boldface type.** Pedigrees and photos may be found for most of these sires on POST, the Pedigree Online Search Tool, <http://www.wendelboe.com/pedigree.html>.
